## **INTRODUCTION**

---

ECDC Fellowship Programme (EPIET) has two paths; the EPIET epidemiology path (EPIET) and EPIET public health microbiology path (EUPHEM). Both paths are two-year competency based platforms which provide training and practical experience in intervention epidemiology at the national and regional centres for surveillance and control of communicable diseases and in laboratories with public health function at collaborative Training Sites in the European Union (EU) and European Economic Area (EEA) Member States. The fellowship trains fellows within core competencies required for the investigation and control of communicable disease threats in and beyond Europe. The programme is funded by the European Centre for Disease Prevention and Control (ECDC) and by institutes hosting or sending an EPIET and/or a EUPHEM fellow.

### **Purpose of this document**

This guide aims to give a general overview of the administrative rules, routines and forms that you can encounter during your fellowship. It is in no way intended to be exhaustive nor complete. For more details on specific matters please contact the related unit in ECDC and/ or the Fellowship Programme Office (FPO).

All forms in the Appendix section are subject to change. Please always use the latest version sent out directly from the responsible unit in ECDC.

This symbol is a reminder of items that need your action. Your compliance will facilitate work with the Fellowship Programme Office and our communications.

### **EU directives and internal procedures**

All activities and administration in ECDC, hence for the fellowship programme, are governed by the EU directives, the mandate of the Centre and the internal procedures of ECDC.

### **EPIET & EUPHEM Scientific Guides**

For information on the scientific content of the EPIET Fellowship programme paths (Introductory course, modules, supervision, reports, diploma, objectives etc.), please read the respective Scientific Guides.

## **PROGRAMME MANAGEMENT**

---

---

### **EPIET Training Site Forum / EUPHEM Forum**

The EPIET Training Site Forum (ETSF) and EUPHEM Forum (EF) are comprised of representatives from the different Training Sites. The Forums define the criteria to be used for the implementation of the programme such as learning objectives, course curricula, criteria for candidate selection, field assignments, criteria for trainers and supervisor selection, evaluation schemes and codes of conduct.

### **Fellowship Programme Office**

The Fellowship Programme Office (FPO) is located at the European Centre for Disease prevention and Control (ECDC) and is responsible for the administration and day-to-day coordination of the EPIET and EUPHEM Cohorts. All operational tasks are carried out by the Programme Office in cooperation with different units within ECDC.

It is staffed by four Fellowship Faculty Coordination Specialists. The programme is governed by the rules and regulations of ECDC.

The FPO is your “one-stop-shop”. For any matter you can contact them and they will respond or identify a respondent to your queries. For all travel arrangements and travel reimbursement claims, please contact ECDC’s “mission and meetings (M&M)” or “reimbursements” department directly. Do not hesitate to copy the programme office in on all communication you feel they should be informed of or if you need any support with your contacts within ECDC.

### **Coordinator team**

To assist the Heads of EPIET and EUPHEM with carrying out the scientific objectives of the programme, there are additional EPIET/EUPHEM coordinators linked to EPIET/EUPHEM and ECDC within framework partnership agreements at other National Public Health institutes.

## **CONTRACTS & INDUCTION**

---

---

### **Offer**

After a successful candidate has been offered a position as a fellow by ECDC, he/she must accept/reject this offer in writing.

### **Employment contract**

When an offer has been accepted, the fellow will be asked to contact their training Site to prepare the employment contract. Fellows sign the employment contract directly with their Training Site.

### **Salary**

During the two-year fellowship, the fellows receive a salary from the Training Site. The salary is decided per cohort and is stated in ECDC Director's decision N° 1037-2015, or any revision thereof.

For cohort 2016 the net monthly salary is 2,200€/month or respectively the equivalence in the currency of the host country. A correction factor for the cost of living of the country of the Training Site will be applied to the salary. This correction factor, derived from the Official Journal of the European Union, may vary according to the date of the Framework Partnership Agreement between ECDC and the Training Site, and will apply for the entire duration of the fellowship and contribution to indirect costs.

### **Taxes**

Salaries paid to the fellows are subject to taxation either in the country of origin of the fellow, the country of employment or the training country, according to the bilateral agreements in force between the states. It is the responsibility of the fellow to provide independently for the declaration of the salary and payment of taxation on the salary she/he receives.

### **Annual leave/Exceptional leave/Public holidays**

Fellows should keep the same hours of work; have the same public holidays and entitlement to annual/special leave as the other staff of their Training Site. Holidays cannot be taken during training activities where the fellow is obliged to participate, such as the Introductory Course, modules and ESCAIDE.

The Training Site supervisors and coordinators concerned oversee that the above rules are respected. Leave requests should respect the needs of the service of the Training Site. Leave requests must be approved by the Training Site supervisor.

### **Sickness**

In case of sickness, fellows must notify the supervisor immediately and produce a medical certificate according to the rules of the Training Site. Respective Head of EPIET or EUPHEM and FPO must be informed. Fellows are strongly urged to understand their rights and coverage at the Training Site/country.

### **Pregnancy and Adoption**

In case of pregnancy and birth or adoption, fellows are entitled to maternity or paternity leave according to the rules of the employer. If needed, the training will be prolonged to ensure the minimum length of 23 months in order to be eligible for the diploma.

During the above mentioned leaves, the fellow is entitled to the social benefits of his/her employer.

Fellows must notify the Training Site supervisor and confirm their communicated return date to the programme office in accordance with the national law, but at least 4 weeks in advance

### **Module Attendance**

The fellowship programme is based on learning through service. Fellows are expected to participate in the training modules and courses and may attend occasional international assignments.

The Scientific Coordinators will indicate which training activities are obligatory and which are optional. Training activities will be announced by the FPO by email to the fellows.

It is compulsory to fully attend the modules. Exceptions can be granted in case of maternity leave, acute sickness, severe family problems or involvement in acute outbreak investigations requiring the presence of the fellow. In these cases, prior approval from the coordinators organising the module and the Head of EPIET or Head of EUPHEM needs to be obtained and the FPO needs to be informed.

### **Diploma**

Fellows who have completed the minimum required training period of 23 months and achieved the objectives will receive the EPIET/EUPHEM diploma after the fellowship. On rare occasions, the Head may approve that a fellow leaves the Training Site before completing the full term. Fellows who leave the Training Site more than 4 weeks before the term, or do not comply with the training objectives will not receive a diploma.

## STARTING YOUR FELLOWSHIP

---

### Travel and Relocation

ECDC will then reimburse the Institute the actual costs for relocation, up to 10,000 for fellows without family or 12,000 EUR for fellows with family, for the 24 months of the fellowship. This means that the limit should include the removal costs for both starting and ending the fellowship, so please be sure that you divide the above mentioned amounts so that you have means for coming to the site and moving out from the site. The amounts are usually divided into two equal parts, which means in practice that you will have up to 5,000/6,000 EUR for moving in and 5,000/6,000 EUR for moving out. Please contact your Training Site for more details regarding the relocation issue and a division of financial means.

Please be aware that there is a time limit for reimbursement of relocation costs, according to the Specific Grant Agreement (SGA) that is periodically signed between the Training Site and ECDC. You need to discuss these terms with your training sites prior to making arrangements.

**Tip:** Previous cohorts have indicated that moving and setting up a new household can be more expensive than anticipated. ECDC reimbursements can take time, and so can personal registration and setting up a new bank in a new country. Therefore, it's suggested to have a buffer of savings to use during the first few months.

### Accommodation

Finding a place to live in a new country can take some time; please start looking as soon as possible.

### Country-specific information

The EPIET Alumni Network's (EAN) website contains country-specific information compiled by current and previous fellows. Current cohorts are requested to add and update this information so that new fellows have a source of useful tips. <http://epietalumni.net/activities/countries-guide/> For questions, contact [eanboard@gmail.com](mailto:eanboard@gmail.com).

### New contact information

To do:

All fellows are responsible for sending their new complete contact details (full address, e-mail address, telephone numbers), including the complete contact details of their supervisor(s) and administrative support, to the FPO to ensure that they receive all information. Complete contact details should be immediately sent to FPO upon arrival at the Training Site. If technical reasons do not allow for this, then the latest deadline that FPO should receive complete contact details is November 1. *Fellows are responsible for sending any subsequent changes in their contact details to FPO. Fellows must also keep their contact information up-to-date on their EVA account.*

### Cohort representative

Each EPIET/EUPHEM cohort elects a fellow to act as their cohort representative. This usually takes place at the end of the introductory course. The role of the cohort representative is not entirely fixed; rather, it is shaped by whoever takes on the position. However, fixed responsibilities include: acting as a conduit between ECDC and the fellows on technical and organisational matters affecting the cohort; attending EPIET Training Site Forum meetings/EUPHEM Forum meetings and ensuring that colleagues update the country guides for their Training Site and collating these updated guides for uploading to the EAN website (in liaison with the EAN board) by the time the offer letters are sent for the next cohort.

## ENDING YOUR FELLOWSHIP

---

---

### Travel and Removal

Upon ending your fellowship, fellows will liaise directly with their institute concerning the regulations for how to proceed when buying flight tickets and contracting relocation services. Each institute will have its own individual procedure. The fellows will pay and arrange their own travel and removal of household goods according to the regulations of their institute. For more information see the section above on Travel and Relocation.

### Bank account

Fellows are strongly advised to **keep their bank accounts open for at least 6 months after the fellowship**. This will enable ECDC to pay any eventual pending sums due.

### New contact information

All fellows are responsible for sending their new complete contact details to the FPO to ensure that they receive all information and in order to stay in contact with the EPIET and EUPHEM networks. Fellows should send updated contact details by September 1 of their second year.

Fellows must also update their contact information on their EVA account.

## **INSURANCES & PENSIONS**

---

---

### **Social security and pension contribution**

Since you have an employment contract and receive a salary from your Training Site, you are part of the national social security and pension scheme. Please liaise with your Training Site directly in case of any doubt or question.

### **Travel Insurance**

All sponsored meeting delegates travelling on behalf of ECDC are covered by a top-up insurance covering health, death, theft, damage or loss etc. complimentary to primary medical insurance held by meeting participants. In all other cases except emergency assistance, one must in the first instance claim from their primary insurance company and then claim from Cigna.

See separate document for a short summary of the insurance benefits as well as instructions in case of a travel incident while on meeting.

You can send queries to [travel.insurance@ecdc.europa.eu](mailto:travel.insurance@ecdc.europa.eu).

**Tip:** For emergencies please contact 24H Helpdesk

Assistance Center: Tel: +32 3 253 69 16; [clientservice2@cigna.com](mailto:clientservice2@cigna.com)

Contract Code: 2.004.760 (always mention when contacting the provider)

For international assignments on behalf of other organisations (including travel on behalf of your Training Site) these organisations need to arrange for your insurance coverage separately (see section below).

**NB! Always check with the sending organisation BEFORE travelling that you have suitable insurance coverage.**

## MODULES/MEETINGS/TRAVEL

---

---

### Introduction

All travel procedures and reimbursements are regulated in the two documents "Rules for Reimbursement of expenses for experts and participants attending ECDC meetings outside or inside Sweden".

### Travel terms in ECDC and EPIET/EUPHEM

A "module/meeting" in ECDC is the term for travel made on behalf of ECDC. A travel for EPIET/EUPHEM specifically to support an investigation in the field outside the country of training is called an "International Assignment".

### Travel Request forms

Before any travel on behalf of ECDC, fellows must always fill out and send the Travel Request (TR) form to the designated contact person in the Missions & Meetings (M&M) office.

#### Why does ECDC need a completed TR?

- To monitor your location
- For insurance purposes
- For possible travel arrangements, and later reimbursement claims, i.e. internal procedures.

**NOTE:** Own travel arrangements including private deviations may be arranged by fellows and the cost for an economy airfare will be reimbursed up to the price quotation provided by ECDC. Own travel arrangements must be communicated to the ECDC's M&M office in advance for approval **before** any ticket is purchased.

#### *BEFORE travel:*

1. Please read carefully the instructions when filling out the Travel Request. If something is missing, the TR will be returned to you for completion. **No travel should be arranged without submitting the TR first, including self-arranged travel.**

2. Send the TR to the Missions & Meetings office for internal processing. For each fellowship event (Introductory course, modules, ESCAIDE) you will be informed beforehand by the Fellowship Faculty Coordination Specialist in charge, who is the main contact for that particular event.

### Travel arrangement process

Once you have submitted your TR, standby for checking/approving itinerary suggestions from Missions & Meetings (M&M), and kindly respect any request/instruction they might give you. However, it is your own responsibility to inform M&M of any local transport situation that might affect the itinerary, i.e. no local transport, traffic situation, train ticket required to get to airport, etc.

#### *AFTER travel:*

1. FPO will provide you with a Reimbursement Application (RA) and the "Rules for Reimbursement of expenses for experts and participants attending ECDC meetings outside and inside Sweden" for each module. Fill out and sign the RA form.

2. Send the form via postal mail to the Missions and Meetings office in ECDC, to the attention of the "REIMBURSEMENTS OFFICE".

3. Reimbursement applications together with the required documentation must be submitted within 90 days, counting from the last day of module/meeting.

### **Travel to a module**

For each module, one of Fellowship Faculty Coordination Specialists will be the main responsible officer and take care of the organisation and distribution of information. Please note that you are expected to attend the modules from Monday 9.00 am to Friday 6.00 pm.

**Nota Bene!** If you cannot stay for the whole length of the module (arrive late or leave early), you need to obtain the approval of the coordinators before arranging your travel.

### **Travel to a conference**

All fellows are supposed to attend ESCAIDE conferences during the fellowship. Organisation and finance will be handled by ECDC and FPO.

For all other conferences, please contact the Head of EPIET or Head of EUPHEM and the FPO to obtain permission before submitting the abstract and making any travel arrangements, especially if you would like ECDC to finance the attendance. **Please note that ECDC will only be able to finance attendance to other training conferences, such as TEPHINET.** Attendance of national or international conferences other than ESCAIDE and TEPHINET need to be funded by the Training Site.

### **ECDC “ordered” travels**

An ECDC “ordered” travel is defined as following:

- The introductory course, all modules and ESCAIDE
- International assignments without external funding deemed necessary to achieve fellowship objectives
- Conferences approved by the Head of EPIET or Head of EUPHEM and paid for by ECDC

During these meetings you are covered by ECDC insurance.

### **International Assignments – Costs & Insurances**

In cases of international assignments, the Head of EPIET makes the final decision to send a fellow to such an assignment.

International assignments may be requested by the Training Site, ECDC, or a third party such as World Health Organisation (WHO).

The party that requests the assignment covers all costs (travel, accommodation, per diems and insurances).

In case of missions on behalf of the Training Site or third party, the Training Site or third party will cover all costs.

Insurance (assistance, repatriation, disease, etc) of the fellow, when on mission or international assignments related to tasks assigned by the employer is the responsibility of the employer. The employer shall provide the fellow with a copy of the terms and conditions of this cover.

## **Travelling for other ECDC units**

Please note that when you are invited to participate in a project/meeting and similar by another unit or section within ECDC that is NOT organised by the FPO, you must remember to inform the related administrator/secretary in that unit that you are considered an external participant and paid by that particular unit and not the Training Section and EPIET. Fellows are responsible for ensuring they are provided with the correct forms.

## **LANGUAGE COURSES**

---

---

One of the requirements to be eligible as a fellow is:  
To have a thorough knowledge of at least two official languages of the European Union.

In order to improve the language proficiency further and in accordance with the “EU directive on learning more languages” fellows are encouraged to take language classes.

Fellows will be eligible for the reimbursement of language courses costs. ECDC will reimburse your Training Site the actual costs for your language course up to €1,500 for the full 24 months of your fellowship.

**Tip:** Please bear in mind that €1,500 is the maximum amount that you can use for your language courses during the whole fellowship. Make sure you divide this amount properly so that you can attend more than one course during your fellowship. Contact your Training Site to find out how the money has been allocated previously.

## **REIMBURSEMENTS**

---

---

### **General note**

Please bear in mind that the processing and payment of reimbursements can only be done when the Reimbursement Application is complete and all requested supporting documentation is included.

To ensure as speedy a payment as possible, please make sure that the Reimbursement Application form is filled out completely signed in the correct place and has attached any necessary documentation before any documents are sent to ECDC for processing.

**IMPORTANT!!! ALWAYS keep a copy (paper or scan) of any document (signed forms, receipts, etc.) sent to ECDC. This copy can be used if the originals become lost.**

### **Modules/Meetings**

For meeting reimbursements (Introductory course, modules, ESCAIDE, etc.) fellows need to fill out and sign the Reimbursement Application (RA) form and include all required supporting documents. The original RA and supporting documents must be mailed to the postal address for Meeting Reimbursement Applications. A separate payment will be made to the bank account approximately **90 days** after the COMPLETE and CORRECT documentation has reached ECDC.

To be eligible to receive the daily subsistence allowance (per diems), meeting participants must be resident 150 km or more from the meeting venue.

The per diem is only paid for the actual meeting days of the module. No per diem is paid for travel days.

## **INTELLECTUAL PROPERTY**

---

Ownership of the results of the works/services developed by the fellow during his/her placement at the Training Site, including industrial and intellectual property rights, and of the reports and other documents relating to it shall be vested in the Training Site.

The Training Site grants the ECDC the right to make free use of these results (notably protocols, questionnaires and articles) for non-commercial and training purposes and provided they do not thereby breach their confidentiality obligations or existing industrial and intellectual property rights.

All communication on output, including early drafts, equally between fellow, supervisors and EPIET/EUPHEM coordinators will always be considered confidential.

## SOCIAL MEDIA CODE OF CONDUCT

---

Social media provide powerful communication tools which are both engaging and have an impact on organizational and professional reputations. As a fellow and health care professional, your professional reputation is reaffirmed daily, and you are responsible for protecting that professional reputation.

Social media networking sites include, but are not limited to: Facebook, LinkedIn, MySpace, Twitter, YouTube, wikis, and blogs. Show respect for yourself, other fellows, colleagues, Training Sites, your fellowship programme, and ECDC by following these broad guidelines.

### Posting content

- **Endorsement:** Representation of your personal opinions as being endorsed by EPIET/EUPHEM/ECDC or the Training Site is prohibited. You may not use these organizational names to promote opinions, products, causes, or political candidates. Be sure to include the statement: "This is my personal opinion and not necessarily that of XXX" when necessary.
- **Protect confidential and proprietary information:** Use good judgment about content and respect privacy laws. Do not to include confidential information about individuals or Training Sites.
- **Be professional:** Content should not be threatening, obscene, defamatory, a violation of intellectual property rights or privacy laws, or otherwise injurious or illegal.
- **Respect copyright and fair use:** When using or posting online material that includes direct or paraphrased quotes, thoughts, ideas, photos, or videos, always include citations. Provide a link to the original material if applicable.
- **Keep it legal:** Refrain from using information and conducting activities that may violate local or national laws and regulations.

### Best practices

- **Think twice before posting:** Privacy does not exist in social media. Consider what could happen if a post becomes widely known and how that may reflect on both the poster and the subject. If you wouldn't say it at a conference or to a member of the media, consider whether you should post it online. If you are unsure about posting something or responding to a comment, ask your supervisor or frontline coordinator for input.
- **Strive for accuracy:** Get the facts straight before posting them on social media. Review content for grammatical and spelling errors.
- **Be respectful:** Understand that content contributed to a social media site could encourage comments or discussion of opposing ideas. Responses should be considered carefully in light of how they would reflect on the poster and/or organizations. Identify your views as your own.
- **Remember your audience:** Be aware that a presence in the social media world is or easily can be made available to the public at large. This includes current and prospective fellows, alumni, employers, colleagues, and peers. Consider this before publishing to ensure the post will not alienate, harm, or provoke any of these groups.
- **Photos:** Photographs posted on social media sites can easily be copied by visitors. Consider adding a watermark and/or posting images at lower dpi and smaller sizes to protect your intellectual property. Small images are sufficient for viewing on the Web but not suitable for printing. When posting photos in which people other than yourself are recognisable, you need to obtain their consent prior to publication.

## APPENDIX

---

### A. General information

The information given and forms displayed in the Appendix section are to be seen as examples and are subject to change. This guide is updated each year, but personnel might move and policies may change. Due to this, **it is each fellow's responsibility to be attentive to information they receive regarding changes and to always use the latest version of each form.**

### B. Contact details - FPO, Coordinators & ECDC units/sections.

#### *Fellowship Programme Office (FPO)*

**Post address**

ECDC (PHC)  
Attn. Fellowship Programme Office  
Granits väg 8, SE-171 65 Solna, Sweden

**Visiting address**
