

INTRODUCTION

ECDC has historically taken the approach of monitoring the HIV response every two years. In 2018, in an effort to limit the reporting burden on EU/EEA countries, we agreed with UNAIDS and WHO that EU/EEA countries would not be required to report to the UNAIDS GAM online reporting tool and could report through the ECDC data collection tool instead. This approach was discussed in the Dublin Declaration advisory group in October 2018 and most countries found this to be acceptable.

Since UNAIDS are mandated to report annually, it was agreed with the Dublin Declaration advisory group that ECDC would shift to annual monitoring the HIV response of EU/EEA countries, but with a significantly reduced questionnaire in alternate years. In the 2019 questionnaire, we have included a very limited set of indicators on issues which may be more likely to change from year to year, such as 90-90-90, PrEP and HIV testing policies. We have also pre-populated the questionnaire with last year's data so you are only asked to report if updates exist. In the spirit of collaboration, ECDC will share all country reported data with UNAIDS and WHO.

If you would like to submit the full UNAIDS and WHO dataset for GAM and the NCPI, you can submit it directly to UNAIDS via their online reporting tool by following this link: <https://aidsreportingtool.unaids.org>

GENERAL INSTRUCTIONS

1) The questionnaire must be filled out online but it can be downloaded as a pdf file so countries can review the questions prior to completing the online questionnaire.

You can download a pdf version of the questionnaire [here](#).

2) For ease of completion, we have pre-populated the questionnaire with the data submitted in 2018. If your data has not changed, then leave the answer as is. If you are able to update your response or can provide a response when you couldn't previously, please do so. New questions for 2019 are **highlighted in yellow**. If you are able to submit data for these, please do so.

3) Each section of the online questionnaire can be saved and reopened via the link provided while it is being filled in. When you click save, the survey will close and you will need to re-enter it via the same link on the landing page. After it has been saved, responses to individual questions can be changed and/or edited.

4) You can share the access code and link to the survey to any experts in your country you wish to assist you reporting specific data. Multiple people can use the same access code at the same time for the different sections in the menu of links on the Welcome page.

5) Several questions ask for the primary source of data. If multiple sources of data are used to track a specific issue, please report the primary or most important source of data.

6) In the text boxes included in the questionnaire, please provide complete but concise information. If you want to submit supporting documents, please email these to teymur.noori@ecdc.europa.eu.

7) On the final page of each section, you will be asked to review your answers for accuracy and upload any attachments you wish to submit alongside your answers before submitting it to ECDC.

8) Once you click 'SUBMIT' you will no longer be able to access your answers, so please do not click 'SUBMIT' until you are completely satisfied with your responses.

9) If you have submitted your data and would like to receive a copy of your answers, email teymur.noori@ecdc.europa.eu and these will be provided to you in Excel format.

COUNTRY INFORMATION

Q1.1 * Please select your country:

- Albania
- Andorra
- Armenia
- Austria
- Azerbaijan
- Belarus
- Belgium
- Bosnia and Herzegovina
- Bulgaria
- Croatia
- Cyprus
- Czech Republic
- Denmark
- Estonia
- Finland
- France
- Georgia
- Germany
- Greece
- Hungary
- Iceland
- Ireland
- Israel
- Italy
- Kazakhstan
- Kosovo
- Kyrgyzstan
- Latvia
- Liechtenstein
- Lithuania
- Luxembourg
- Malta
- Monaco
- Montenegro
- Netherlands
- Norway
- Poland
- Portugal
- Republic of Moldova
- Romania
- Russian Federation

Q1.1 * Please select your country:

- San Marino
- Serbia
- Slovakia
- Slovenia
- Spain
- Sweden
- Switzerland
- Tajikistan
- The former Yugoslav Republic of Macedonia
- Turkey
- Turkmenistan
- Ukraine
- United Kingdom
- Uzbekistan

Primary Government Contact

Q1.2 First Name:

Q1.3 Surname:

Q1.4 Job Title:

Q1.5 Email Address:

Q1.6 Phone Number:

Secondary Government Contact

Q1.7 First Name:

Q1.8 Surname:

Q1.9 Job Title:

Q1.10 Email Address:

Q1.11 Phone Number:

Civil Society Contact

Q1.12 Did representatives from civil society participate in completing this questionnaire? Yes No [Go to Q2.1](#)

Q1.13 Please give details on the nature of involvement:

Q1.14 First Name:

Q1.15 Surname:

Q1.16 Job Title:

Q1.17 Email Address:

Q1.18 Phone Number:

PrEP

Q2.1 Has the [WHO recommendation on oral PrEP](#) been adopted in your country's national guidelines?

Yes, PrEP guidelines have been developed and are being implemented

[Go to Q2.2 and Q1.21](#)

Yes, PrEP guidelines have been developed but are not yet being implemented

[Go to Q2.2 and Q1.22](#)

No, guidelines have not been developed

[Go to Q2.4](#)

Q2.2 Please specify for which populations PrEP is recommended:

- Gay men and other men who have sex with men
- Sex workers
- People who inject drugs
- Trans people
- Serodiscordant couples
- Heterosexuals at risk of sexual acquisition of HIV
- Prisoners
- Other

Q2.2 Please provide details:

Q2.3 How is PrEP paid for?

- Reimbursed through public sector
- Reimbursed through insurance
- Not reimbursed
- Other

Q2.3 Please provide details:

Q2.4 Is PrEP available through any of the following in your country (please select all that apply):

PrEP is not available

[Go to Q3.1](#)

Research (including pilot studies and demonstration projects)

Public sexual health clinics

Public infectious disease clinics

Public drug treatment centres

Public primary care

Private providers

The Internet

Other

Q2.4 Please provide details:

Q2.5 **Is there regional variation in availability of PrEP in your country?**

- Yes
- No
- Don't know

Q2.5 **Please give details:**

Q2.6 **Do you have data on the number of people receiving oral PrEP in your country?¹**

The number of people who received oral PrEP for the first time during the last 12 months

The number of people received oral PrEP at least once during the last 12 months

No data [Go to Q3.1](#)

¹ GAM indicator 3.15 - please refer to [UNAIDS guidance](#).

Q2.7 **What number of people received oral PrEP for the first time during the last 12 months?**

Q2.8 **End of reporting period (DD/MM/YYYY)**

Q2.9 **Primary data source:**

ART Patient Registers

Other measurement tools

Q2.9 Please provide details:

Q2.10 **Can you disaggregate this data by any of the following?**

Males

Females

Men who have sex with men

Sex workers

Trans people

People who inject drugs

Prisoners

Region-specific data

City-specific data

Data cannot be disaggregated [Go to Q2.44](#)

Q2.11 **Number of males receiving oral PrEP for the first time during the last 12 months:**

Q2.12 **Number of females receiving oral PrEP for the first time during the last 12 months:**

Q2.13 **Number of men who have sex with men receiving oral PrEP for the first time during the last 12 months:**

Q2.14 **Number of sex workers receiving oral PrEP for the first time during the last 12 months:**

Q2.15 **Number of trans people receiving oral PrEP for the first time during the last 12 months:**

Q2.16 **Number of people who inject drugs receiving oral PrEP for the first time during the last 12 months:**

Q2.17 **Number of prisoners receiving oral PrEP for the first time during the last 12 months:**

Region-specific data

Q2.18 **Number of regions for which you have data*:**

1

4

2

5

3

6

***If you have data for more than six regions, please submit as much as you can here and then send your additional data in an excel spreadsheet to teymur.noori@ecdc.europa.eu**

Q2.19 Name of region

Q2.20 Number of people receiving oral PrEP for the first time in this region during the last 12 months:

Q2.21 Name of region

Q2.22 Number of people receiving oral PrEP for the first time in this region during the last 12 months:

Q2.23 Name of region

Q2.24 Number of people receiving oral PrEP for the first time in this region during the last 12 months:

Q2.25 Name of region

Q2.26 Number of people receiving oral PrEP for the first time in this region during the last 12 months:

Q2.27 Name of region

Q2.28 Number of people receiving oral PrEP for the first time in this region during the last 12 months:

Q2.29 Name of region

Q2.30 Number of people receiving oral PrEP for the first time in this region during the last 12 months:

City-specific data

Q2.31 Number of cities for which you have data*: 1 2 3 4 5 6

***If you have data for more than six cities, please submit as much as you can here and then send your additional data in an excel spreadsheet to teymur.noori@ecdc.europa.eu**

Q2.32 Name of city

Q2.33 Number of people receiving oral PrEP for the first time in this city during the last 12 months:

Q2.34 Name of city

Q2.35 Number of people receiving oral PrEP for the first time in this city during the last 12 months:

Q2.36 Name of city

Q2.37 Number of people receiving oral PrEP for the first time in this city during the last 12 months:

Q2.38 Name of city

Q2.39 Number of people receiving oral PrEP for the first time in this city during the last 12 months:

Q2.40 Name of city

Q2.41 Number of people receiving oral PrEP for the first time in this city during the last 12 months:

Q2.42 Name of city

Q2.43 Number of people receiving oral PrEP for the first time in this city during the last 12 months:

Q2.44 **What number of people received oral PrEP at least once during the last 12 months?**

Q2.45 **End of reporting period (DD/MM/YYYY)**

Q2.46 **Primary data source:** ART Patient Registers
Other measurement tools

Q2.46 Please provide details:

Q2.47 **Can you disaggregate this data by any of the following?**

Males

Females

Men who have sex with men

Sex workers

Trans people

People who inject drugs

Prisoners

Region-specific data

City-specific data

Data cannot be disaggregated [Go to Q3.1](#)

Q2.48 **Number of males receiving oral PrEP at least once during the last 12 months:**

Q2.49 **Number of females receiving oral PrEP at least once during the last 12 months:**

Q2.50 **Number of men who have sex with men receiving oral PrEP at least once during the last 12 months:**

Q2.51 **Number of sex workers receiving oral PrEP at least once during the last 12 months:**

Q2.52 **Number of trans people receiving oral PrEP at least once during the last 12 months:**

Q2.53 **Number of people who inject drugs receiving oral PrEP at least once during the last 12 months:**

Q2.54 **Number of prisoners receiving oral PrEP at least once during the last 12 months:**

Region-specific data

Q2.55 **Number of regions for which you have data*:**

1	<input type="radio"/>	4	<input type="radio"/>
2	<input type="radio"/>	5	<input type="radio"/>
3	<input type="radio"/>	6	<input type="radio"/>

***If you have data for more than six regions, please submit as much as you can here and then send your additional data in an excel spreadsheet to teymur.noori@ecdc.europa.eu**

Q2.56 **Name of region**

Q2.57 **Number of people receiving oral PrEP at least once in this region during the last 12 months:**

Q2.58 **Name of region**

Q2.59 Number of people receiving oral PrEP at least once in this region during the last 12 months:

Q2.60 Name of region

Q2.61 Number of people receiving oral PrEP at least once in this region during the last 12 months:

Q2.62 Name of region

Q2.63 Number of people receiving oral PrEP at least once in this region during the last 12 months:

Q2.64 Name of region

Q2.65 Number of people receiving oral PrEP at least once in this region during the last 12 months:

Q2.66 Name of region

Q2.67 Number of people receiving oral PrEP at least once in this region during the last 12 months:

City-specific data

Q2.68 Number of cities for which you have data*:
 1 4
 2 5
 3 6

***If you have data for more than six cities, please submit as much as you can here and then send your additional data in an excel spreadsheet to teymur.noori@ecdc.europa.eu**

Q2.69 Name of city

Q2.70 Number of people receiving oral PrEP at least once in this city during the last 12 months:

Q2.71 Name of city

Q2.72 Number of people receiving oral PrEP at least once in this city during the last 12 months:

Q2.73 Name of city

Q2.74 Number of people receiving oral PrEP at least once in this city during the last 12 months:

Q2.75 Name of city

Q2.76 Number of people receiving oral PrEP at least once in this city during the last 12 months:

Q2.77 Name of city

Q2.78 Number of people receiving oral PrEP at least once in this city during the last 12 months:

Q2.79 Name of city

Q2.80 Number of people receiving oral PrEP at least once in this city during the last 12 months:

TESTING

- Q3.1 Has your country adopted or included HIV self-testing as a national policy or plan? Yes
No
- Q3.2 Is a national policy on HIV self-testing in development? Yes
No
- Q3.3 Please indicate the year in which HIV self-testing is planned to be included: No planned year
2019
2020
2021
2022
- Q3.4 Is HIV self-testing implemented? Yes, fully implemented
No, it is being piloted
No pilots or implementation
- Q3.5 What is preventing HIV self-testing from being adopted?
- Q3.6 Has your country adopted or included lay provider HIV testing as a national policy or plan? Yes
No
- Q3.7 Is a national policy on lay provider HIV testing in development? Yes
No
- Q3.8 Please indicate the year in which lay provider HIV testing is planned to be included: No planned year
2019
2020
2021
2022
- Q3.9 Is lay provider HIV testing implemented? Yes, fully implemented
No, it is being piloted
No pilots or implementation
- Q3.10 What is preventing lay provider HIV testing from being adopted?

Q3.11 Which of the following additional testing interventions are used in your country? Please select all that apply:

Client-initiated testing and counselling

Provider-initiated HIV testing in primary care

Provider-initiated HIV testing in secondary care

Routine HIV antenatal testing

Routine HIV testing in sexual health clinics

Community-based testing and counselling (by a trained medical professional)

HIV testing in other health settings (e.g. pharmacies)

Self-sampling

Assisted partner notification

HIV indicator condition-guided testing

Other

Q3.11 Please provide details:

CONTINUUM OF CARE

Definitions for each of the four stages in the continuum

Stage 1: Total estimated number of people living with HIV in the country

The total estimated number should be based on an empirical modelling approach, using the ECDC HIV Modelling Tool, Spectrum or any other empirical estimate. The estimate should include diagnosed and undiagnosed people.

Stage 2: Number/percentage of above (estimated number of people living with HIV in the country) who are living with diagnosed HIV

The number should include all new HIV or AIDS diagnoses. It should also include those people who are in care and those who have not been linked to care.

Stage 3: Number/percentage of above (estimated number of people living with HIV in the country, who have been diagnosed) who are currently on antiretroviral treatment

Number with at least one record of ART (prescribed or, ideally, dispensed) by year end, regardless of treatment eligibility criteria. ART is defined as any ART regimen since diagnosis, regardless of the number of antiretroviral drugs.

Stage 4: Number/percentage of above (estimated number of people living with HIV in the country, who have been diagnosed, who are currently on antiretroviral treatment) who had VL \leq 200 copies/ml at last visit (virally suppressed)

Number on ART whose most recent HIV RNA measurement at year end was <200 copies/ml, or below the level of detection of the assay.

Where possible, deaths and out-migration should be excluded from reported data.

Further detail on the definition of the continuum care can be found in this paper from ECDC.

CONTINUUM OF CARE DATA

Q4.1 For which of the following key populations do you have data for any stage of continuum of care data? Please select all that apply:

All people living with HIV

Men who have sex with men

Migrants (persons born abroad)

People who inject drugs

Prisoners

Sex workers

Trans people

Males 15+ years

Females 15+ years

Children <15 years

No data

[Go to Q15.1](#)

All people living with HIV

Q5.1	For which of the stages can you provide continuum of care data for all people living with HIV?	Stage 1: What is the total estimated number of people living with HIV in your country?	<input type="checkbox"/>		
		Stage 2: What is the number of people living with HIV that have been diagnosed?	<input type="checkbox"/>		
		Stage 3: What is the number of people living with HIV who are currently on ART?	<input type="checkbox"/>		
		Stage 4: What is the number of people living with HIV who had VL ≤ 200 copies/ml at their last visit?	<input type="checkbox"/>		
Q5.2	Stage 1: What is the total estimated number of people living with HIV in your country?	<input type="text"/>			
Q5.3	Can you provide uncertainty bounds for this figure?	Yes <input type="radio"/>	No <input type="radio"/>

Q6.13b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q6.14 How confident are you that the figure provided for Stage 2 is accurate and representative of all men who have sex with men living with HIV? High
Medium
Low

Q6.15 **Stage 3: What is the number of men who have sex with men who are currently on ART?**

Q6.16 What percentage is this of the number of men who have sex with men living with diagnosed HIV? (%)

Q6.17 What year was the data collected?

Q6.18 Primary data source: Cohort data
Surveillance data
Other data source

Q6.18 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q6.19a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q6.19b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q6.20 How confident are you that the figure provided for Stage 3 is accurate and representative of all men who have sex with men living with HIV? High
Medium
Low

Q6.21 **Stage 4: What is the number of men who have sex with men who had VL \leq 200 copies/ml at their last visit?**

Q6.22 What percentage is this of the number of men who have sex with men who are currently on ART? (%)

Q6.23 What year was the data collected?

Q6.24 Primary data source: Cohort data
Surveillance data
Other data source

Q6.24 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q6.25a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q6.25b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q6.26 How confident are you that the figure provided for Stage 4 is accurate and representative of all men who have sex with men living with HIV? High
Medium
Low

Q6.27 **Comments / clarifications:**

Where you were unable to provide data for this key population, please identify the reasons why your country does not have data to report. Please select all that apply.

Q6.28 **Stage 1:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q6.28 Please specify:

Q6.29 **Stage 2:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q6.29 Please specify:

Q6.30 **Stage 3:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q6.30 Please specify:

Q6.31 **Stage 4:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q6.31 Please specify:

Migrants (persons born abroad)

Q7.1 For which of the stages can you provide continuum of care data for migrants (persons born abroad) living with HIV?
Stage 1: What is the total estimated number of migrants (persons born abroad) living with HIV in your country?
Stage 2: What is the number of migrants (persons born abroad) living with diagnosed HIV?
Stage 3: What is the number of migrants (persons born abroad) who are currently on ART?
Stage 4: What is the number of migrants (persons born abroad) who had VL \leq 200 copies/ml at their last visit?

Q7.2 **Stage 1: What is the total estimated number of migrants (persons born abroad) living with HIV in your country?**

Q7.3 Can you provide uncertainty bounds for this figure?
Yes
No

Q7.4 Please provide uncertainty bounds for this figure:

Q7.5 Which year does this estimated figure relate to?

Q7.6 Primary data source:
ECDC modelling tool
SPECTRUM modelling tool
Other modelling tool or estimate

Q7.6 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q7.7a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q7.7b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q7.8 How confident are you that the figure provided for Stage 1 is accurate and representative of all migrants (persons born abroad) living with HIV?
High
Medium
Low

Q7.9 **Stage 2: What is the number of migrants (persons born abroad) living with diagnosed HIV?**

Q7.10 What percentage is this of the number of migrants (persons born abroad) living with HIV? (%)

Q7.11 What year was the data collected?

Q7.12 Primary data source:
Cohort data
Surveillance data
Other data source

Q7.12 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q7.13a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q7.13b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q7.14 How confident are you that the figure provided for Stage 2 is accurate and representative of all migrants (persons born abroad) living with HIV? High
Medium
Low

Q7.15 **Stage 3: What is the number of migrants (persons born abroad) who are currently on ART?**

Q7.16 What percentage is this of the number of migrants (persons born abroad) living with diagnosed HIV? (%)

Q7.17 What year was the data collected?

Q7.18 Primary data source: Cohort data
Surveillance data
Other data source

Q7.18 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q7.19a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q7.19b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q7.20 How confident are you that the figure provided for Stage 3 is accurate and representative of all migrants (persons born abroad) living with HIV? High
Medium
Low

Q7.21 **Stage 4: What is the number of migrants (persons born abroad) who had VL ≤200 copies/ml at their last visit?**

Q7.22 What percentage is this of the number of migrants (persons born abroad) who are currently on ART? (%)

Q7.23 What year was the data collected?

Q7.24 Primary data source: Cohort data
Surveillance data
Other data source

Q7.24 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q7.25a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q7.25b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q7.26 How confident are you that the figure provided for Stage 4 is accurate and representative of all migrants (persons born abroad) living with HIV? High
Medium
Low

Q7.27 **Comments / clarifications:**

Where you were unable to provide data for this key population, please identify the reasons why your country does not have data to report. Please select all that apply.

Q7.28 **Stage 1:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q7.28 Please specify:

Q7.29 **Stage 2:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q7.29 Please specify:

Q7.30 **Stage 3:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q7.30 Please specify:

Q7.31 **Stage 4:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q7.31 Please specify:

People who inject drugs

Q8.1 For which of the stages can you provide continuum of care data for people who inject drugs living with HIV?

Stage 1: What is the total estimated number of people who inject drugs living with HIV in your country?

Stage 2: What is the number of people who inject drugs living with diagnosed HIV?

Stage 3: What is the number of people who inject drugs who are currently on ART?

Stage 4: What is the number of people who inject drugs who had VL \leq 200 copies/ml at their last visit?

Q8.2 **Stage 1: What is the total estimated number of people who inject drugs living with HIV in your country?**

Q8.3 Can you provide uncertainty bounds for this figure?

Yes

No

Q8.4 Please provide uncertainty bounds for this figure:

Q8.5 Which year does this estimated figure relate to?

Q8.6 Primary data source:

ECDC modelling tool

SPECTRUM modelling tool

Other modelling tool or estimate

Q8.6 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q8.7a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q8.7b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q8.8 How confident are you that the figure provided for stage 1 is accurate and representative of all people who inject drugs living with HIV?

High

Medium

Low

Q8.9 **Stage 2: What is the number of people who inject drugs living with diagnosed HIV?**

Q8.10 What percentage is this of the number of people who inject drugs living with HIV? (%)

Q8.11 What year was the data collected?

Q8.12 Primary data source:

Cohort data

Surveillance data

Other data source

Q8.12 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q8.13a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q8.13b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q8.14 How confident are you that the figure provided for stage 2 is accurate and representative of all people who inject drugs living with HIV? High
Medium
Low

Q8.15 **Stage 3: What is the number of people who inject drugs who are currently on ART?**

Q8.16 What percentage is this of the number of people who inject drugs living with diagnosed HIV? (%)

Q8.17 What year was the data collected?

Q8.18 Primary data source: Cohort data
Surveillance data
Other data source

Q8.18 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q8.19a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q8.19b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q8.20 How confident are you that the figure provided for stage 3 is accurate and representative of all people who inject drugs living with HIV? High
Medium
Low

Q8.21 **Stage 4: What is the number of people who inject drugs who had VL \leq 200 copies/ml at their last visit?**

Q8.22 What percentage is this of the number of people who inject drugs who are currently on ART? (%)

Q8.23 What year was the data collected?

Q8.24 Primary data source: Cohort data
Surveillance data
Other data source

Q8.24 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q8.25a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q8.25b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q8.26 How confident are you that the figure provided for stage 4 is accurate and representative of all people who inject drugs living with HIV? High
Medium
Low

Q8.27 **Comments / clarifications:**

Where you were unable to provide data for this key population, please identify the reasons why your country does not have data to report. Please select all that apply.

Q8.28 **Stage 1:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q8.28 Please specify:

Q8.29 **Stage 2:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q8.29 Please specify:

Q8.30 **Stage 3:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q8.30 Please specify:

Q8.31 **Stage 4:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q8.31 Please specify:

Prisoners

Q9.1 For which of the stages can you provide continuum of care data for prisoners living with HIV?

Stage 1: What is the total estimated number of prisoners living with HIV in your country?

Stage 2: What is the number of prisoners living with diagnosed HIV?

Stage 3: What is the number of prisoners who are currently on ART?

Stage 4: What is the number of prisoners who had VL ≤ 200 copies/ml at their last visit?

Q9.2 **Stage 1: What is the total estimated number of prisoners living with HIV in your country?**

Q9.3 Can you provide uncertainty bounds for this figure?

Yes

No

Q9.4 Please provide uncertainty bounds for this figure:

Q9.5 Which year does this estimated figure relate to?

Q9.6 Primary data source:

ECDC modelling tool

SPECTRUM modelling tool

Other modelling tool or estimate

Q9.6 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q9.7a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q9.7b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q9.8 How confident are you that the figure provided for stage 1 is accurate and representative of all prisoners living with HIV?

High

Medium

Low

Q9.9 **Stage 2: What is the number of prisoners living with diagnosed HIV?**

Q9.10 What percentage is this of the number of prisoners living with HIV? (%)

Q9.11 What year was the data collected?

Q9.12 Primary data source:

Cohort data

Surveillance data

Other data source

Q9.12 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q9.13a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q9.13b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q9.14 How confident are you that the figure provided for stage 2 is accurate and representative of all prisoners living with HIV? High
Medium
Low

Q9.15 **Stage 3: What is the number of prisoners who are currently on ART?**

Q9.16 What percentage is this of the number of prisoners living with diagnosed HIV? (%)

Q9.17 What year was the data collected?

Q9.18 Primary data source: Cohort data
Surveillance data
Other data source

Q9.18 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q9.19a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q9.19b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q9.20 How confident are you that the figure provided for stage 3 is accurate and representative of all prisoners living with HIV? High
Medium
Low

Q9.21 **Stage 4: What is the number of prisoners who had VL ≤200 copies/ml at their last visit?**

Q9.22 What percentage is this of the number of prisoners who are currently on ART? (%)

Q9.23 What year was the data collected?

Q9.24 Primary data source: Cohort data
Surveillance data
Other data source

Q9.24 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q9.25a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q9.25b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q9.26 How confident are you that the figure provided for stage 4 is accurate and representative of all prisoners living with HIV? High
Medium
Low

Q9.27 **Comments / clarifications:**

Where you were unable to provide data for this key population, please identify the reasons why your country does not have data to report. Please select all that apply.

Q9.28 **Stage 1:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data

Q9.28 Please specify:

Q9.29 **Stage 2:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q9.29 Please specify:

Q9.30 **Stage 3:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q9.30 Please specify:

Q9.31 **Stage 4:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q9.31 Please specify:

Sex workers

Q10.1 For which of the stages can you provide continuum of care data for sex workers living with HIV?

Stage 1: What is the total estimated number of sex workers living with HIV in your country?

Stage 2: What is the number of sex workers living with diagnosed HIV?

Stage 3: What is the number of sex workers who are currently on ART?

Stage 4: What is the number of sex workers who had VL ≤ 200 copies/ml at their last visit?

Q10.2 **Stage 1: What is the total estimated number of sex workers living with HIV in your country?**

Q10.3 Can you provide uncertainty bounds for this figure?

Yes

No

Q10.4 Please provide uncertainty bounds for this figure:

Q10.5 Which year does this estimated figure relate to?

Q10.6 Primary data source:

ECDC modelling tool

SPECTRUM modelling tool

Other modelling tool or estimate

Q10.6 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q10.7a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q10.7b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q10.8 How confident are you that the figure provided for stage 1 is accurate and representative of all sex workers living with HIV?

High

Medium

Low

Q10.9 **Stage 2: What is the number of sex workers living with diagnosed HIV?**

Q10.10 What percentage is this of the number of sex workers living with HIV? (%)

Q10.11 What year was the data collected?

Q10.12 Primary data source:

Cohort data

Surveillance data

Other data source

Q10.12 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q10.13a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q10.13b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q10.14 How confident are you that the figure provided for stage 2 is accurate and representative of all sex workers living with HIV? High
Medium
Low

Q10.15 **Stage 3: What is the number of sex workers who are currently on ART?**

Q10.16 What percentage is this of the number of sex workers living with diagnosed HIV? (%)

Q10.17 What year was the data collected?

Q10.18 Primary data source: Cohort data
Surveillance data
Other data source

Q10.18 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q10.19a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q10.19b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q10.20 How confident are you that the figure provided for stage 3 is accurate and representative of all sex workers living with HIV? High
Medium
Low

Q10.21 **Stage 4: What is the number of sex workers who had VL \leq 200 copies/ml at their last visit?**

Q10.22 What percentage is this of the number of sex workers who are currently on ART? (%)

Q10.23 What year was the data collected?

Q10.24 Primary data source: Cohort data
Surveillance data
Other data source

Q10.24 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q10.25a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q10.25b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q10.26 How confident are you that the figure provided for stage 4 is accurate and representative of all sex workers living with HIV? High
Medium
Low

Q10.27 **Comments / clarifications:**

Where you were unable to provide data for this key population, please identify the reasons why your country does not have data to report. Please select all that apply.

Q10.28 Stage 1:

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q10.28 Please specify:

Q10.29 Stage 2:

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q10.31 Please specify:

Trans people

- Q11.1 For which of the stages can you provide continuum of care data for trans people living with HIV?
- Stage 1: What is the total estimated number of trans people living with HIV in your country?
- Stage 2: What is the number of trans people living with diagnosed HIV?
- Stage 3: What is the number of trans people who are currently on ART?
- Stage 4: What is the number of trans people who had VL ≤ 200 copies/ml at their last visit?

Q11.2 **Stage 1: What is the total estimated number of trans people living with HIV in your country?**

Q11.3 Can you provide uncertainty bounds for this figure?

Yes

No

Q11.4 Please provide uncertainty bounds for this figure:

Q11.5 Which year does this estimated figure relate to?

Q11.6 Primary data source:

ECDC modelling tool

SPECTRUM modelling tool

Other modelling tool or estimate

Q11.6 Please give details:

Were you able to exclude the following?

- | | Yes | No | Partially | Don't know |
|----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| Q11.7a Deaths | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Q11.7b Out-migration | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

Q11.8 How confident are you that the figure provided for stage 1 is accurate and representative of all trans people living with HIV?

High

Medium

Low

Q11.9 **Stage 2: What is the number of trans people living with diagnosed HIV?**

Q11.10 What percentage is this of the number of trans people living with HIV? (%)

Q11.11 What year was the data collected?

Q11.12 Primary data source:

Cohort data

Surveillance data

Other data source

Q11.12 Please give details:

Were you able to exclude the following?

- | | Yes | No | Partially | Don't know |
|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|
| Q11.13a Deaths | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |
| Q11.13b Out-migration | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> |

Q11.14 How confident are you that the figure provided for stage 2 is accurate and representative of all trans people living with HIV? High
Medium
Low

Q11.15 **Stage 3: What is the number of trans people who are currently on ART?**

Q11.16 What percentage is this of the number of trans people living with diagnosed HIV? (%)

Q11.17 What year was the data collected?

Q11.18 Primary data source: Cohort data
Surveillance data
Other data source

Q11.18 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know

Q11.31 **Stage 4:**

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q11.31 Please specify:

Males 15+ years

Q12.1 For which of the stages can you provide continuum of care data for males (15+ years) living with HIV?

Stage 1: What is the total estimated number of males (15+ years) living with HIV in your country?

Stage 2: What is the number of males (15+ years) living with diagnosed HIV?

Stage 3: What is the number of males (15+ years) who are currently on ART?

Stage 4: What is the number of males (15+ years) who had VL \leq 200 copies/ml at their last visit?

Q12.2 **Stage 1: What is the total estimated number of males (15+ years) living with HIV in your country?**

Q12.3 Can you provide uncertainty bounds for this figure?

Yes

No

Q12.4 Please provide uncertainty bounds for this figure:

Q12.5 Which year does this estimated figure relate to?

Q12.6 Primary data source:

ECDC modelling tool

SPECTRUM modelling tool

Other modelling tool or estimate

Q12.6 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q12.7a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q12.7b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q12.8 How confident are you that the figure provided for stage 1 is accurate and representative of all males (15+ years) living with HIV?

High

Medium

Low

Q12.9 **Stage 2: What is the number of males (15+ years) living with diagnosed HIV?**

Q12.10 What percentage is this of the number of males (15+ years) living with HIV? (%)

Q12.11 What year was the data collected?

Q12.12 Primary data source:

Cohort data

Surveillance data

Other data source

Q12.12 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q12.13a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q12.13b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q12.14 How confident are you that the figure provided for stage 2 is accurate and representative of all males (15+ years) living with HIV? High Medium Low

Q12.15 **Stage 3: What is the number of males (15+ years) who are currently on ART?**

Q12.16 What percentage is this of the number of males (15+ years) living with diagnosed HIV? (%)

Q12.17 What year was the data collected?

Q12.18 Primary data source: Cohort data Surveillance data Other data source

Q12.18 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q12.19a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q12.19b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q12.20 How confident are you that the figure provided for stage 3 is accurate and representative of all males (15+ years) living with HIV? High Medium Low

Q12.21 **Stage 4: What is the number of males (15+ years) who had VL \leq 200 copies/ml at their last visit?**

Q12.22 What percentage is this of the number of males (15+ years) who are currently on ART? (%)

Q12.23 What year was the data collected?

Q12.24 Primary data source: Cohort data Surveillance data Other data source

Q12.24 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q12.25a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q12.25b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q12.26 How confident are you that the figure provided for stage 4 is accurate and representative of all males (15+ years) living with HIV? High Medium Low

Q12.27 **Comments / clarifications:**

Where you were unable to provide data for this key population, please identify the reasons why your country does not have data to report. Please select all that apply.

Q12.28 Stage 1:

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q12.28 Please specify:

Q12.29 Stage 2:

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q12.29 Please specify:

Q12.30 **Stage 3:**

No data is available

Not clear what data to report

Data is not used to monitor the HIV response

Accuracy of the available data

Representativeness of the available data

Timeliness of the available data

Insufficient resources to collect the data

Insufficient resources to analyse the data

Insufficient resources to report the data

Other

Q12.30 Please specify:

Q12.31 **Stage 4:**

No data is available

Not clear what data to report

Data is not used to monitor the HIV response

Accuracy of the available data

Representativeness of the available data

Timeliness of the available data

Insufficient resources to collect the data

Insufficient resources to analyse the data

Insufficient resources to report the data

Other

Q12.31 Please specify:

Females 15+ years

Q13.1 For which of the stages can you provide continuum of care data for females (15+ years) living with HIV?

Stage 1: What is the total estimated number of females (15+ years) living with HIV in your country?

Stage 2: What is the number of females (15+ years) living with diagnosed HIV?

Stage 3: What is the number of females (15+ years) who are currently on ART?

Stage 4: What is the number of females (15+ years) who had VL ≤ 200 copies/ml at their last visit?

Q13.2 **Stage 1: What is the total estimated number of females (15+ years) living with HIV in your country?**

Q13.3 Can you provide uncertainty bounds for this figure?

Yes

No

Q13.4 Please provide uncertainty bounds for this figure:

Q13.5 Which year does this estimated figure relate to?

Q13.6 Primary data source:

ECDC modelling tool

SPECTRUM modelling tool

Other modelling tool or estimate

Q13.6 Please give details:

Were you able to exclude the following?

Yes

No

Partially

Don't know

Q13.7a Deaths

Q13.7b Out-migration

Q13.8 How confident are you that the figure provided for stage 1 is accurate and representative of all females (15+ years) living with HIV?

High

Medium

Low

Q13.9 **Stage 2: What is the number of females (15+ years) living with diagnosed HIV?**

Q13.10 What percentage is this of the number of females (15+ years) living with HIV? (%)

Q13.11 What year was the data collected?

Q13.12 Primary data source:

Cohort data

Surveillance data

Other data source

Q13.12 Please give details:

Were you able to exclude the following?

Yes

No

Partially

Don't know

Q13.13a Deaths

Q13.13b Out-migration

Q13.14 How confident are you that the figure provided for stage 2 is accurate and representative of all females (15+ years) living with HIV? High Medium Low

Q13.15 **Stage 3: What is the number of females (15+ years) who are currently on ART?**

Q13.16 What percentage is this of the number of females (15+ years) living with diagnosed HIV? (%)

Q13.17 What year was the data collected?

Q13.18 Primary data source: Cohort data Surveillance data Other data source

Q13.18 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q13.19a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q13.19b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q13.20 How confident are you that the figure provided for stage 3 is accurate and representative of all females (15+ years) living with HIV? High Medium Low

Q13.21 **Stage 4: What is the number of females (15+ years) who had VL ≤200 copies/ml at their last visit?**

Q13.22 What percentage is this of the number of females (15+ years) who are currently on ART? (%)

Q13.23 What year was the data collected?

Q13.24 Primary data source: Cohort data Surveillance data Other data source

Q13.24 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q13.25a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q13.25b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q13.26 How confident are you that the figure provided for stage 4 is accurate and representative of all females (15+ years) living with HIV? High Medium Low

Q13.27 **Comments / clarifications:**

Where you were unable to provide data for this key population, please identify the reasons why your country does not have data to report. Please select all that apply.

Q13.28 Stage 1:

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q13.28 Please specify:

Q13.29 Stage 2:

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q13.29 Please specify:

Q13.30 Stage 3:

No data is available

Not clear what data to report

Data is not used to monitor the HIV response

Accuracy of the available data

Representativeness of the available data

Timeliness of the available data

Insufficient resources to collect the data

Insufficient resources to analyse the data

Insufficient resources to report the data

Other

Q13.30 Please specify:

Q13.31 Stage 4:

No data is available

Not clear what data to report

Data is not used to monitor the HIV response

Accuracy of the available data

Representativeness of the available data

Timeliness of the available data

Insufficient resources to collect the data

Insufficient resources to analyse the data

Insufficient resources to report the data

Other

Q13.31 Please specify:

Children <15 years

Q14.1 For which of the stages can you provide continuum of care data for children <15 years living with HIV?

Stage 1: What is the total estimated number of children <15 years living with HIV in your country?

Stage 2: What is the number of children <15 years living with diagnosed HIV?

Stage 3: What is the number of children <15 years who are currently on ART?

Stage 4: What is the number of children <15 years who had VL ≤200 copies/ml at their last visit?

Q14.2 **Stage 1: What is the total estimated number of children <15 years living with HIV in your country?**

Q14.3 Can you provide uncertainty bounds for this figure?

Yes

No

Q14.4 Please provide uncertainty bounds for this figure:

Q14.5 Which year does this estimated figure relate to?

Q14.6 Primary data source:

ECDC modelling tool

SPECTRUM modelling tool

Other modelling tool or estimate

Q14.6 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q14.7a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q14.7b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q14.8 How confident are you that the figure provided for stage 1 is accurate and representative of all children <15 years living with HIV?

High

Medium

Low

Q14.9 **Stage 2: What is the number of children <15 years living with diagnosed HIV?**

Q14.10 What percentage is this of the number of children <15 years living with HIV? (%)

Q14.11 What year was the data collected?

Q14.12 Primary data source:

Cohort data

Surveillance data

Other data source

Q14.12 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q14.13a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q14.13b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q14.14 How confident are you that the figure provided for stage 2 is accurate and representative of all children <15 years living with HIV? High Medium Low

Q14.15 **Stage 3: What is the number of children <15 years who are currently on ART?**

Q14.16 What percentage is this of the number of children <15 years living with diagnosed HIV? (%)

Q14.17 What year was the data collected?

Q14.18 Primary data source: Cohort data
Surveillance data
Other data source

Q14.18 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q14.19a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q14.19b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q14.20 How confident are you that the figure provided for stage 3 is accurate and representative of all children <15 years living with HIV? High Medium Low

Q14.21 **Stage 4: What is the number of children <15 years who had VL ≤200 copies/ml at their last visit?**

Q14.22 What percentage is this of the number of children <15 years who are currently on ART? (%)

Q14.23 What year was the data collected?

Q14.24 Primary data source: Cohort data
Surveillance data
Other data source

Q14.24 Please give details:

Were you able to exclude the following?

	Yes	No	Partially	Don't know
Q14.25a Deaths	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q14.25b Out-migration	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Q14.26 How confident are you that the figure provided for stage 4 is accurate and representative of all children <15 years living with HIV? High Medium Low

Q14.27 **Comments / clarifications:**

Where you were unable to provide data for this key population, please identify the reasons why your country does not have data to report. Please select all that apply.

Q14.28 Stage 1:

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q14.28 Please specify:

Q14.29 Stage 2:

- No data is available
- Not clear what data to report
- Data is not used to monitor the HIV response
- Accuracy of the available data
- Representativeness of the available data
- Timeliness of the available data
- Insufficient resources to collect the data
- Insufficient resources to analyse the data
- Insufficient resources to report the data
- Other

Q14.29 Please specify:

Q14.30 **Stage 3:**

No data is available

Not clear what data to report

Data is not used to monitor the HIV response

Accuracy of the available data

Representativeness of the available data

Timeliness of the available data

Insufficient resources to collect the data

Insufficient resources to analyse the data

Insufficient resources to report the data

Other

Q14.30 Please specify:

Q14.31 **Stage 4:**

No data is available

Not clear what data to report

Data is not used to monitor the HIV response

Accuracy of the available data

Representativeness of the available data

Timeliness of the available data

Insufficient resources to collect the data

Insufficient resources to analyse the data

Insufficient resources to report the data

Other

Q14.31 Please specify:

Q15.1 Would you like technical support from ECDC to help you provide data for the continuum of care in the next reporting round?

Yes

No

REVIEW

Please review your answers here. Please make any required changes by going back to the survey.

[\[All answers inserted here\]](#)

For each section, you will be asked: If you have fully completed and reviewed this section, please click PRINT before going on to the next page to submit your response. This will give you a pdf version of your response for your records. If you would like an excel version of your response, please contact teymur.noori@ecdc.europa.eu

For each section, you will be asked on the final page: If you have fully completed and reviewed this section, please click on the SUBMIT button below. **YOU WILL NOT BE ABLE TO VIEW YOUR RESPONSE FOR THIS SECTION AGAIN ONCE YOU HAVE CLICKED SUBMIT.**

Only click SUBMIT if you are completely happy with your answers and you are ready to submit your final response for this section.
